

PLAY GREAT GOLF IN SWEDEN'S SMALLEST COMMUNE

ON A COURSE YOU'LL NEVER FORGET

The 18-hole golf course in Bjurholm is unique. Göran Zachrisson, Sweden's most respected golf expert, once said that Bjurholm is one of the five most beautiful 9-hole golf courses in the world. Since 2005 there are 18 holes, and the new holes are at least as good as the old ones. On top of that there is a good restaurant and lots of friendly golfers. *Welcome to the pleasant golf club!*

Bjurholm can offer much more than golf. At the "exotic" Elk House you can watch and even cuddle with live elks. Maybe travel by foot or canoe along the winding Öreälven, or fish trout and salmon in Lögdeälven? Despite the wide range of nature experiences in Bjurholm, it is not very far to the city life in Umeå – if that is what you want.

Greenfee lets you play freely for one day. Prices are for persons over the age of 22:
