

PLAY GREAT GOLF IN SWEDEN'S SMALLEST COMMUNE

ON A COURSE YOU'LL NEVER FORGET

The 18-hole golf course in Bjurholm is unique. Göran Zachrisson, Sweden's most respected golf expert once said that Bjurholm is "one of the five most beautiful 9-hole golf courses in the world". Since 2005 there are 18 holes, and the new holes are at least as good as the old ones. On top of that there is a good restaurant and lots of friendly golfers.

The golf course is located in an undulated landscape with some quite steep slopes. A round of golf usually takes about five hours, but it is time well spent. Golf cars can be rented

Greenfee include a whole day of golf at the golf course. The cost is 250/300 SEK on weekdays/weekends. It is **free** of charge for persons up to 16 years of age. Book your tee time on the phone, on site or via Internet.

Bjurholm can offer much more than unforgettable golf.

At the "exotic" Elk House you can watch and even cuddle with live elks. Or maybe you rather travel by foot or canoe along the winding Öreälven, or fish trout and salmon in Lögdeälven? Despite the wide range of nature experiences in Bjurholm, it is not very far to the city life in Umeå – if that is what you want.
